About Us

We are like no other home security company out there. Praetorian Guard Security Services is residential armed home security for your family, home and property.

We are a licensed service in Minnesota helping to keep your home, property and those you love safe.

We are proud to offer a team of security officers who are well trained, diligent and extremely detailed.

The Three SUPERS

SUPER High Impact

Optimal Maximum Visual Deterrence. Our presence, including vehicles, guards, and signs, is designed to say, "This isn't a target worth looking at because the potential consequences would be too great."

SUPER Low Cost

We make our profit through volume not by putting high prices on our customers.

An IRON Membership Contract with Praetorian Guard Security Services is under \$8,000 per year. That covers, signage for your property, vehicles, weapons, guards, training, licenses, permits, and insurance.

SUPER Easy to Use

No long term contracts. At anytime a member can pick up the phone and stop services with one phone call. If you are not satisfied with the services you are paying for you can stop them at any point and billing would stop the moment you call.
